Benefits Information Guide

Welcome

Welcome to AV's Employee Benefits Guide.

Your work here matters, and so does everything outside of it. The benefits outlined in this guide are designed to support you and your family's well-being, both on and off the job.

Inside, you'll find an overview of our medical, dental, vision, spending accounts, retirement plans, and other key programs—along with practical direction on how to enroll, update, and use your benefits throughout the plan year. We've included answers to common questions, such as when you can add a new dependent to your coverage and what dental options are available to you.

Use this guide as a starting point whenever you're making benefit decisions or need to confirm how something works. If you have questions or need additional information about any of the benefits described here, please contact the P&C Benefits Department at AVBenefits@avinc.com.

Plan summary

Does this guide contain everything I need to know about my health plan?

While there are many brief benefit summaries listed throughout this guide, they're just that: summaries. When you're trying to figure out whether a medical service or a medical supply will be paid for by your health plan, it's best to take a look at the Summary of Benefit Coverage or Summary Plan Description located on the Benefits Website (myavbenefits.avinc.com).

One important thing to note is that in order for a service or supply to be paid for by your health plan, it must be overseen by a doctor. Some of the guidelines for coverage also come down to the type of plan you choose which you'll learn more about in this guide.

There's more detail that can be found in the Summary Plan Description. You can locate the Summary Plan Description and additional benefit documents on the My AV Benefits page or by contacting the Benefits Team.

Important Information

The Affordable Care Act and You

The Affordable Care Act (ACA) requires applicable large employers to offer affordable health coverage that meets minimum value standards. If you live in California, Massachusetts, New Jersey, Rhode Island, Vermont, or the District of Columbia, you may also be subject to a state individual mandate and may need to have health coverage or qualify for an exemption. You can meet your coverage needs by enrolling in an AV medical plan or another employer plan, purchasing coverage through the Health Insurance Marketplace, or enrolling in a government-sponsored program if you are eligible.

Annual Notices

Federal and state laws require employers to provide certain health plan notices each year. AV posts the required annual notices on the My AV Benefits: Health Benefits webpage for you to review and download at any time. These include notices such as Medicare Part D Creditable Coverage, HIPAA Privacy Practices, Women's Health and Cancer Rights Act (WHCRA), Newborns' and Mothers' Health Protection Act, Special Enrollment Rights, Medicaid and Children's Health Insurance Program information, and the Summary Annual Report (SAR).

Summary of Benefits and Coverage (SBC)

Health plans are required to provide a Summary of Benefits and Coverage (SBC), which gives you a clear, easy-to-understand overview of your plan's benefits, coverage, and costs. The SBC is designed to help you compare

medical plan options and make informed decisions about your coverage. You can access the SBC and related carrier contract information on the My AV Benefits: Health Benefits webpage.

If you (and/or your dependents) have Medicare or will become eligible for Medicare in the next 12 months, Federal law gives you more choices about your prescription drug coverage. Please see page (46) for more details.

Eligibility & Enrollment

Who can sign up?

If you are a regular full-time employee working at least 30 hours per week, you and your eligible dependents may participate in AV's benefits program.

Your eligible dependents include:
- Legally married spouse
- Registered domestic partner (affidavit required for jurisdictions that don't have a registration option)
- Children under the age of 26, regardless of student or marital status

All dependent verification processes and supporting documents will be completed by DSI, Dependent Specialists, Inc. You are required to participate in the verification process to ensure medical, dental, and/or vision insurance for your dependents with proof of disability.

Dependent Verification

All newly added dependents enrolling in AV's health plans must be verified for their benefits to become active. AV partners with Dependent Specialists Inc (DSI) for dependent verification. All employees who elect to cover newly added dependents should expect to receive a letter from DSI within 30 days of enrollment with next steps for confirming your dependent(s). When does my coverage start?

Regular, full-time employees: You can sign up as soon as the date you're hired, and those benefits become effective date of hire. You are eligible to enroll in medical coverage if you are scheduled to work at least 30 hours per week. Please contact the Benefits Department for more information about the measurement process and the effective date of coverage if you are eligible and choose to enroll.

Once you enroll in a benefit, your elections will be in place for the remainder of 2027, beginning January 1 or your benefits eligibility date.

Can I make changes after I sign up?

After you've signed up, you can only make changes to your benefits if you have what's called a qualifying life event (QLE). This could include getting married, having a baby, or losing health coverage, just to name a few. The list of QLEs is defined by the federal government. Some examples are:

- Marriage, divorce, or legal separation
- Birth or adoption of a child
- Death of a dependent
- You or your spouse lose or gain coverage through our organization or another employer
- Medicare or Medicaid enrollment
- A special enrollment opportunity to sign up for a plan in the Public Health Insurance Marketplace (i.e. Covered California or another state-run marketplace or Healthcare.gov

Qualified Life Event changes are time-sensitive and must be addressed within 30 days. Alternatively, if you lost eligibility or enrolled in Medicaid, Medicare, or state health insurance programs, you have to submit the request for change within 60 days. To initiate a Qualifying Life Event, visit Benefits App on Workday and select *Change Benefits*. Each qualifying life event must be accompanied by appropriate documentation to support the requested changes.

Healthcare Plans

Medical Plans

Breaking down plan types (and understanding acronyms)

Anthem Blue Cross | PPO & PPO Enhanced

On a Preferred Provider Organization plan (PPO), you have more flexibility to choose your providers. However, you'll save the most money when you choose a provider or hospital inside the health plan's network. You may choose a provider who is not in the health plan's network, but it might cost more.

Advantages

- Wide network of providers
- No referral needed to see a specialist

Out-of-pocket costs

Your health plan can charge different fees: a flat fee called a "copay", a fee that's a percentage of the total cost of the service called "coinsurance", or an amount that must be paid before your plan kicks in, called a "deductible."

Ideal if…

…you want flexibility and provider options. You're comfortable paying more out of your paycheck each month, while paying less out of pocket for your deductible.

Note:

You may choose your health care providers, but keep in mind that you might have to pay more for services that are outside your health plan's network.

Using a PPO plan: an example

Syd was diagnosed with asthma and required ongoing care from a specialist. Syd used the insurance company website to locate an in-network provider and paid a set copay for each office visit. Syd also received a prescription for maintenance medication and paid a copay for that medication as well. Both the specialist visits and prescription costs counted toward Syd's out-of-pocket maximum.

The PPO plan was a strong choice for Syd because ongoing specialist care was an important part of treatment. By selecting an in-network provider, Syd was able to help manage costs while receiving the care needed.

Anthem Blue Cross | HDHP & HDHP Enhanced

On a High-Deductible Health Plan (HDHP), you pay more out-of-pocket before your health plan starts covering services. The amount you pay before the plan kicks in is called the "deductible." To help cover these expenses, you can access a special savings account called a "Health Savings Account (HSA)." You can contribute pre-tax funds to this account and use them to pay for different qualified health-related expenses.

Advantages

- Your HSA can help you save on taxes
- The per paycheck premium for this plan is typically lower

Out-of-pocket costs

If you choose an HDHP, you'll pay most of your out-of-pocket expenses upfront until you reach your deductible.

Ideal if…

…you don't usually need much health care throughout the year and have enough money set aside to cover expenses until you reach your deductible.

Note:

You can only use your HSA funds to pay for qualified medical expenses, such as copay fees, purchases of over-the-counter medications, etc. It's a good idea to keep your receipts in case your taxes are audited.

Using an HDHP plan: an example

Taylor rarely goes to the doctor, but when she experienced a fever, chills, and chest congestion, she decided to visit urgent care. Taylor found a nearby in-network urgent care clinic for treatment. Because Taylor hadn't yet met the plan's annual deductible, she used funds from her Health Savings Account (HSA) to pay for the visit.

Taylor had savings set aside after choosing to pay less in monthly premiums, so this visit wasn't a big deal. Taylor paid a coinsurance, which counts toward the plan's annual deductible.

Prescription Drug Coverage
Saving money on your medications

Your benefits cover many prescription medications, but how much you pay for them, and how much your health plan covers, is determined by a system of tiers. The tier of medication does not determine its quality of effectiveness. What can vary by medication is your out-of-pocket cost.

Here are some examples of the types of medications in each tier:

Tier 1 - Generic Formulary:

These medications have the same active ingredients as brand-name medications, but they cost less.

Tier 2 - Brand name:

These medications are only made by one manufacturer.

Tier 3 - Non-formulary:

Medications that are not on your health plan's list of preferred medications, which is called their "formulary." Usually, this happens when there is a safe and effective alternative that is less expensive, often a generic. If your doctor prescribes a non-formulary prescription, it's a good idea to speak with them or your pharmacist about generic alternatives.

Tier 4 - Specialty:

These medications treat chronic or complex conditions. They often require step therapy and/or prior authorization to be approved to fill.

Why pay more for your medications?

Use the mail

You can save time and money by getting your medications shipped directly to you through a mail-order service. You can have a larger quantity, usually a 90-day supply, regularly shipped to your door. Go to https://www.caremark.com/ to sign-up for delivery service.

Shop around

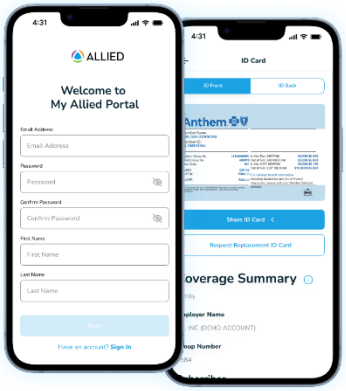

Some pharmacies offer less expensive medications. Try calling pharmacies inside warehouse clubs or discount stores to see if they offer a lower price. Shopping around could pay off.

Over-the-counter

For colds, headaches, and other common conditions, over-the-counter medications can sometimes work just as well as prescription ones—and cost a lot less, too.

Accessing Your ID Card and More

Once you are enrolled in the health plan, you'll receive a letter in the mail when your Digital ID card is ready.

To access your card:

- Download the My Allied Portal app from your device's app store or visit member.alliedbenefit.com.
- Click **'Sign Up'** and follow the prompts to activate your member profile.
- From your Allied member portal, you can share your card digitally with providers via email, provider fax number, or downloading a PDF copy.
- You can also request a physical card be mailed to your home once you register, if preferred.

If You Need Assistance

If you run into problems with scheduling, benefits, or claims, here's who to call:

For help scheduling an appointment with a PHCS Network provider, call PHCS at 888-733-9582.

For questions about your benefits, the status of a claim, or virtual care options, call **Allied Member Services at 833-918-1386**

Dental Plan PPO

With the Guardian Dental PPO plan, you can visit any licensed dentist. If you choose a PPO in-network dentist, you'll benefit from the plan's negotiated rates, which can help keep your out-of-pocket costs lower for you and your dependents. If you choose a dentist who does not participate in the PPO network, your costs may be higher.

To find out if your dentist is in your provider network, you can search on www.GuardianAnytime.com or call Guardian at 1-800-541-7846.

* If you see an out-of-network dentist, the plan will pay benefits based on the reasonable and customary amount, which is the typical fee charged for similar services in your area. You will be responsible for any charges above that amount.

Vision Plans

EyeMed offers vision coverage as a Preferred Provider Organization (PPO) plan. With the vision plan, you can pick where to receive services. If you choose a vision provider outside that network for yourself or your dependents, you will have to pay for all the expenses yourself at the time of service. Then, you'll submit a claim, and EyeMed will reimburse you up to a certain "allowed" amount.

To find out if a vision provider is in your network, you can search on https://www.eyemed.com/en-us/ or call EyeMed at (866) 804-0982.

Spending Accounts

Spending Accounts

Spending accounts allow you to set aside pre-tax dollars to help pay for eligible health care expenses, and in some cases, dependent care expenses. AV has partnered with Fidelity to administer your spending accounts. The types of spending accounts are the Health Savings Account (HSA), Healthcare Flexible Spending Account (HCFSA), Dependent Care Flexible Spending (DCFSA), and Limited-Purpose Flexible Spending Account (LPFSA). Each account has different eligibility requirements, uses, and rollover rules. The table below provides a high-level comparison of each account type.

Account Type	Overview	Eligibility	Key Features
HSA	A tax-advantaged account used to pay for eligible healthcare expenses	Available only to employees enrolled in a qualified HDHP	Funds roll over from year to year, and the account belongs to the individual
HCFSA	A pre-tax account used to pay for eligible health care expenses	Available to employees eligible under the employer's plan	Generally subject to a "use it or lose it" rule, although our plan offers a grace period to use funds
LPFSA	A specialized FSA used for eligible dental and vision expenses	Available to employees enrolled in an HSA-compatible medical plan	Helps preserve HSA funds by limiting eligible expenses to dental and vision costs. Does not rollover but has a grace period.
DCFSA	A pre-tax account used to help pay for eligible dependent care expenses	Available to employees eligible under the employer's plan with children under the age of 13 or dependent adults	Can be used for eligible dependent daycare expenses, such as childcare for children under the age of 13 or elder care, while the employee works. There is a grace period to use funds.

Health Savings Account (HSA)

When you sign up for an Anthem High-Deductible Health Plan (HDHP), you can open a type of bank account called a Health Savings Account (HSA) through Fidelity. This account allows you to save money for qualified health care expenses, such as your deductible, copayments, and other out-of-pocket expenses. The money you put in your HSA is not federally taxed

HSA Overview

Benefits	HSA contributions are made pre-tax, earnings grow tax-free, and qualified withdrawals are tax-free, subject to state tax laws. HSAs are paired with HDHPs, which typically have lower monthly premiums. Employers may also contribute to your HSA. Once the HSA balance reaches the minimum investment threshold, employees can choose from Fidelity's HSA investment options.
Eligibility	You must be enrolled in a qualified HDHP to contribute to an HSA. Additional eligibility rules apply.
Getting Started	Look for your Fidelity welcome packet and follow the instructions to activate your account at www.netbenefits.com. You can also call (800) 544-3716 or visit this Fidelity HSA employee education website to learn more.
Employer Contributions	For those enrolled in the Anthem HDHP Enhanced plan, AV will contribute $750 annually for individual coverage or $1,500 annually for family coverage to your HSA. Contributioms are deposited on a bi-weekly basis.
Using Funds	Use your HSA debit card or pay out of pocket and reimburse yourself later. Keep all receipts for IRS records.
Contribution Rules	IRS annual limits apply, including a catch-up contribution for employees age 55 and older. 2027 HSA contribution limits - $4,500 self only, $9,000 Family, $1,000 catch-up (age 55+)
Non-Qualified Expenses	Non-qualified withdrawals are subject to income tax and, in most cases, a 20% penalty. After age 65, funds may be used for any purpose, but non-qualified withdrawals are still taxed as income.
Examples of HSA-Eligible Expenses	Medical: Providers, prescription drugs, inpatient hospital services, laboratory & x-ray, emergency services, acupuncture, chiropractic & more. Dental: Providers, teeth cleanings, dental treatments, orthodontia & more. Vision: Providers, exams, contact lenses, Lasik surgery & more. Premiums: COBRA or Medicare with prior HSA contributions

Flexible Spending Account (FSA)

With this type of account, you and your spouse, plus any eligible dependents, can use pre-tax dollars to cover health care, dependent care, and more. There are different types of FSAs, but they all help reduce your taxable income. Here are the different types of FSAs available to you.

FSA Type		Detail
	**Healthcare FSA**	• Can reimburse eligible healthcare expenses not covered by your medical, dental, and vision insurance. • Maximum contribution for 2027 is $3,500. • FSA Grace Period: you have extra time after the plan year ends to use your FSA funds until March 15, 2028 and file claims before March 31, 2028.
	**Limited Purpose FSA**	• Employees may want to consider a limited purpose FSA if they are HSA eligible and plan to contribute to an HSA during the plan year. • This FSA may be used to reimburse qualified dental and vision expenses. • Maximum contribution for 2027 is $3,500.
	**Dependent Care FSA**	• Can be used to pay for a child's (up to the age of 13) childcare expenses and/or care for a disabled family member in the household, who is unable to care for themselves. • Eligibility rules require that if you are married, your spouse needs to be working, looking for work or attending school full-time. • Maximum contribution for 2027 is $7,500.

Accessing your FSA Account

Call (833) 299-5089, create an account at www.netbenefits.com, or download the Fidelity Health App. You can view transaction status, upload receipts, and much more. The site is secure and fully encrypted for your protection. You can also visit this Fidelity FSA Employee Education website to learn more.

How to use your FSA

Estimate how much you'll need to cover with FSA funds this year.

Set up annual (pre-tax) deductions from your paycheck.

Use your FSA debit card for purchases made on your own behalf.

Use it or lose it! FSA funds don't roll over to the next year. Don't panic, though - you can still use the funds during a grace period through March 15, 2028. You can also still submit claims from the 2027 plan year until March 31, 2028.

Supplemental Benefits

Life & Disability

Life Insurance and AD&D

There's no easy way to talk about death, but your family might need help if something happens to you. A life and accidental death and dismemberment (AD&D) policy can provide that help. You are automatically signed up for this benefit, and your family will be paid a lump sum of money if you pass away. If your death was caused by an accident, or if you lose a limb, you or the people you choose, called "beneficiaries," may get additional coverage.

AV pays 100% of this benefit through Mutual of Omaha. It includes the following:

- Basic Life Insurance of 1x annual earnings up to $600,000
- AD&D of 1x annual earnings up to $600,000
- Your benefits will reduce when you turn 70

Quick note on IRS Regulations: You can receive employer-paid life insurance coverage up to $50,000 on a tax-free basis and do not have to report the payment as income. However, coverage of more than $50,000 will trigger taxable income for the "economic value" of the coverage provided to you.

Voluntary Life and AD&D

You can choose to add more life insurance and AD&D coverage for you and/or your dependents. Premiums are paid through payroll contributions. Here are details on the additional coverage amounts you can choose from:

	**For employees:**	• Increments of $5,000 up to a $1,000,000 maximum (or 10x salary) with a guaranteed issue benefit of $300,000 for new hires
	**For your spouse:**	• Increments of $5,000 up to a $250,000 maximum. The guaranteed issue benefit for spousal coverage is $50,000 for new hires. Please note that spousal voluntary life cannot exceed 100% of the employee's elected Voluntary Life amount.
	**For your child(ren) to age 26:**	• Increments of $1,000 up to a $10,000 maximum. Please note that child voluntary life cannot exceed 100% of the employee's elected Voluntary Life amount.
	**Optional AD&D:**	• Coverage is available for purchase in the same amounts as optional life insurance amounts above. Please note the elected amount cannot exceed 100% of elected voluntary life coverage.

If you choose to get additional coverage, an evidence of insurability questionnaire is required to enroll in coverage. The insurance amounts here are subject to review and won't be effective until approved by Mutual of Omaha.

Evidence of Insurability

Evidence of Insurability (EOI), also called a Statement of Health, is a health questionnaire used to determine whether coverage can be approved. If you make a benefit election outside of your new hire enrollment window, EOI is required to carry coverage. Please note that there is an EOI submission deadline, and the EOI link is available during enrollment in Workday and on the benefits website. Please note: Benefits coverage will reduce when you turn 70. Restrictions may apply if you and/or your dependent(s) are confined in the hospital or terminally ill. Take a look at your Summary Plan Description for exclusions and further detail.

Don't forget to update your beneficiaries!

The people or entities who you want to receive benefits from your policy are called beneficiaries. It's very important that they are up to date.

- You may change your beneficiaries at any time
- You may designate one person as your beneficiary or choose multiple beneficiaries, who will each get a percentage of the payout amount
- To select or change your beneficiary, please log into Workday and visit the Benefits and Pay App

Disability Insurance

If you are unable to work due to a non-work-related illness or injury, disability coverage can help protect your income while you focus on recovery. AV automatically provides Short-Term Disability and Long-Term Disability coverage at no cost to employees, and a buy-up option is available for Short-Term Disability. This coverage is designed to replace a portion of your income and provide financial protection for you and your family during a qualifying disability.

Your Plans	Coverage Details
Employer-Paid Short-Term Disability (STD)	• Administered by Mutual of Omaha, STD coverage provides a benefit equal to 60% of your earnings, up to $2,000 per week for a period up to 12 weeks. • The plan begins paying for these benefits after you have been absent from work for 7 consecutive days.
Employer-Paid Long-Term Disability (LTD)	• If your disability extends beyond 90 days, the LTD coverage through Mutual of Omaha can replace 60% of your earnings, up to maximum of $10,000 per month. • Your benefits may continue to be paid until you reach social security normal retirement age as long as you meet the definition of disability.
Buy-up Short-Term Disability (Employee Paid)	• Administered by Mutual of Omaha, Voluntary STD Buy-Up coverage provides a benefit up to 70% of your earnings, up to $3,000 per week for a period up to 12 weeks. • The plan begins paying these benefits at the time of disability/after you have been absent from work for 7 consecutive calendar days.

State Disability Insurance	• The state you reside in may provide a partial wage-replacement disability insurance plan. Employer paid disability benefits will be paid in coordination with state provided benefits. • For more information regarding statutory disability programs, contact the Benefits Department.

Note: Please note, the state you reside in may provide a partial wage-replacement disability insurance plan.

Using critical illness insurance: an example

Theo was diagnosed with cancer and needed a surgery right away, followed by chemotherapy. Theo's health plan required he pay the deductible and a co-insurance after the hospital stay. Critical illness insurance provided a lump-sum cash payment after Theo's diagnosis. Theo used the funds to cover his deductible and co-insurance fees, plus the co-pay for each chemo session. Theo was able to pay his rent and hire a part-time dog walker, too, so he could focus all his energy on getting well.

Hospital Insurance

Hospital stays can bring unexpected expenses, and hospital insurance through Mutual of Omaha can help provide added financial support when you need it most. If you enroll, this benefit pays directly to you or your family following a covered hospital stay, helping with a range of medical and non-medical expenses.
